The drought in the high plains Class called to order by the vice- Mr. and Mrs. Henry Free. ace as you should you will have should not only keep our premvery little difficulty in fighting lies. There are many methods of **Now**-you can buy this full-family size to it that our tenants keep their atching flies but the best one is common fly trap. Any farmer with half sense can make a fly flower by the lates of the common fly trap. It takes some screen wire. rap. It takes some screen wire and a few pieces of lumber to do the job. Cut off two pieces of wide board so they will each be exactly board so they will each be exactly by determine just how near we square. Then saw diagonally across these boards and this will are to Godliness. "METER-MISER" give you four pieces of wood and each will be in the shape of a triangle. These four pieces will make two traps and you may decide for yourself as to how large you want the traps. I suggest that you have the base about 18 inches long and so wide and I must admit that I'm very much disappointed at what I find in the shape of the cotton stalks this year. I find that our cotton is inclined to grow tall instead of \$108.50 that you have the base about 1s inches long and as wide as your triangle pieces will make it. Take two pieces of this triangle shaped board and put the long side of the board down. Use three pieces of material 18 inches long and place these pieces so you can drive a nail through the corner of the board and into the stick. Do not 15c a day! poard and into the stick. Do not in this section from the second hoard and into the stick. Do not nail the sticks to the boards but and third picking until it is about out of the question for us to grow out of the question for us to grow sticks. Then take your screen did I would like to see some wire and cover the top which will be in the shape of a house. Build a box over the top of words. be in the shape of a house. Build a box over the top of your wire roof and this may be done out of any material which will hold flies. Screen wire is the most desirable as it will permit you to see the flies in the box but tin or wood will do as well if you do not have the screen wire. Take an ice pick and work some holes in the top of your wire roof large enough for flies to crawl through. These holes should be in a row and should FOR REFRIGERATOR BUYING * 1. LOWER OPERATING COST * 2. SAFER FOOD PROTECTION * 3. FASTER FREEZING - MORE ICE * 4. MORE USABILITY * 5. FIVE-YEAR PROTECTION PLAN to crawl through. These to close should be in a row and should be close together. This row of cles should go entirely from one the ground as possible as the week. Gives You All These Genuine FRIGIDAIRE Advantages of your roof to the other and the ground as possible, as the weehould be directly on the highest art of the wire. Drive four nails • Model illustrated is DRS 5-36 . 5.1 cubic feet city · 10.7 square feet shelf area · 63 big ice cubes, 6 pounds of ice at one freezing . Doublethe four corners of the base er would start this year and save Range Cold Control . Exclusive Meter-Miser coldeave them out far enough to all those bolls growing on the bot making unit . Five Years Protection against service hould be room for the flies to many as four bolls to the limb and expense on the sealed-in mechanism for only \$5 inawl under your trap but the lower the trap the better it is. Place any kind of food under the trap would have a cotton which would produce long limbs near the ground

which will attract flies and you damage. If some farmer would - breed such a variety of cotton ne Lady's Painful Trouble | would do his country a great void On Guard! make a lot of money. Such cot Helped By Cardui ton seed would sell for a fancy Why do so many women take Cardui for the relief of functional pains at monthly times? The answer is that they want results such as Mrs. Herbert W. Hunt, of Hallsville, Texas, describes. She writes: "My health wasn't good. I suffered from cramping. My pain would be so intense it would nauseate me. I would just drag around, so sluggish and 'do-less.' My mother decided to give me Cardui. I began to mend. That tired, sluggish feeling was gone and the pains disappeared. I can't praise Cardui too highly because I know it helped me.". . If Cardui does not help YOU, consult a physician.

to the end. But those days are gone because we do not improve our seed. We plant peanuts i the drill trying to produce a heavy crop of peanuts, and that is the way to produce peanuts our seed. If you planted only one row of peanuts in your field and the limbs would not grow very long. We have grown them thick and close until they will not grow for rural homes, uses no er could plant his peanuts in three foot rows and put the hills three —and has no moving parts Operates on kerosene of peanuts than we are growing loday. It would take about five country. It keeps foods fresh, come after a while. I realize that freezes ice cubes, and makes frozen desserts, by burning just a little kerosene each day! you would lose money for the first few years, as you would not make very many nuts to the acre, but in a few years we would all be All you have to do is touch a after you for some of your seed and we would pay you a fancy price for your success. Everybody's ing them off. In about two hours business is nobody's business and that is why we do not have a Today's models are the fines better stock of nuts today. None

> **Economy** that goes far beyond the thrifty use of gas and oil...

of gasoline and oil. From the day you buy a new Ford V-8 until the day you trade it in, you save the difference every mile.

1. FORD EXTRA VALUE. Modern V-8 engine. Welded steel body reinforced with steel. Safety glass all around. Centerpoise ride on 123" springbase. Super-safety mechanical brakes. Big 6.00 x 16" air-balloon tires on deluxe uodels. Torque-tube drive. Clear-vision ventilation and windshield that opens. ALL THESE FEATURES AT NO EXTRA

COST IN THE FORD V-8. 2. FORD LOW MAINTENANCE COST. Only Ford owners enjoy the big economies of low priced Genuine Ford Parts and the Ford policy of exchanging factory recon-ditioned parts (including the V-8 motor) for a fraction of the cost of replacement of similar parts in other cars. 3. FORD HIGH RESALE VALUE. Because more value is built into the Ford V-8, more unused value is left when you trade it in. Striking evidence of this fact is the high value the public itself puts upon used Ford V-8 cars which has made the Ford always worth a higher percentage

of its original cost than any other car.
